

# A RELATION THAT IS BUILT

Through, Trust & Care

COMPANY PROFILE

## ABOUT US

Electric House Lighting, provides expertise, professionalism, punctuality, responsibility and knowledge. it is a supplier that can develop to become an important partner in your organization.

A relation that is being built through trust and care... with over 50 years experience.

## ABOUT US

Electric House Lighting ("EHL") is a division of Electric House Establishment ("EHE"). EHE has been active in the lighting supply business since was founded. Even though it had a successful record, it was never focused on this activity. In 2012 it partnered up with an Cypriot company called J.C.Haggipavlou & Son Ltd , based in Nicosia, Cyprus. The owners of J.C.Haggipavlou & Son Ltd are the founding members of EHL along with EHE. Today EHL is operating with a full team, targetting the market, of KSA and the vast region.

### Local Presentation

### Export Countries

EHL is present in 4 countries. These are KSA, UAE, Qatar and Kuwait. However it is actively involved in sales and lighting designs in other countries as well, such as UK, Russia, Iraq, Bahrain, Cyprus to name a few.

## OUR HISTORY

- \* 1967 Haggipavlou began operations in electrical contracting and the supply of electrical installation materials.
- \* 1974 The company diversified to LIGHTING SUPPLY only operating extensively in the Middle East and Cyprus and J.C. Haggipavlou & Son LTD was formed.
- \* 2004 JCH Light Ltd is formed specializing only in international sales and production of Lighting Fittings.
- \* 2006 JCH Light introduces its own OEM catalogue.
- \* 2007 Lighting design team created that comprised of a Certified Lighting Engineer, Architects, Interior Designers and others.
- \* 2007 Relight Ltd an independent lighting design firm is launched
- \* 2008 Relight became the National Representative on issues regarding EU lighting standards in Cyprus.
- \* 2008 – 2010 Regional representatives appointed in various countries in GCC
- \* 2012 Partnered Up with ELECTRIC HOUSE Establishment in the Kingdom of Saudi Arabia and formed ELECTRIC HOUSE LIGHTING.

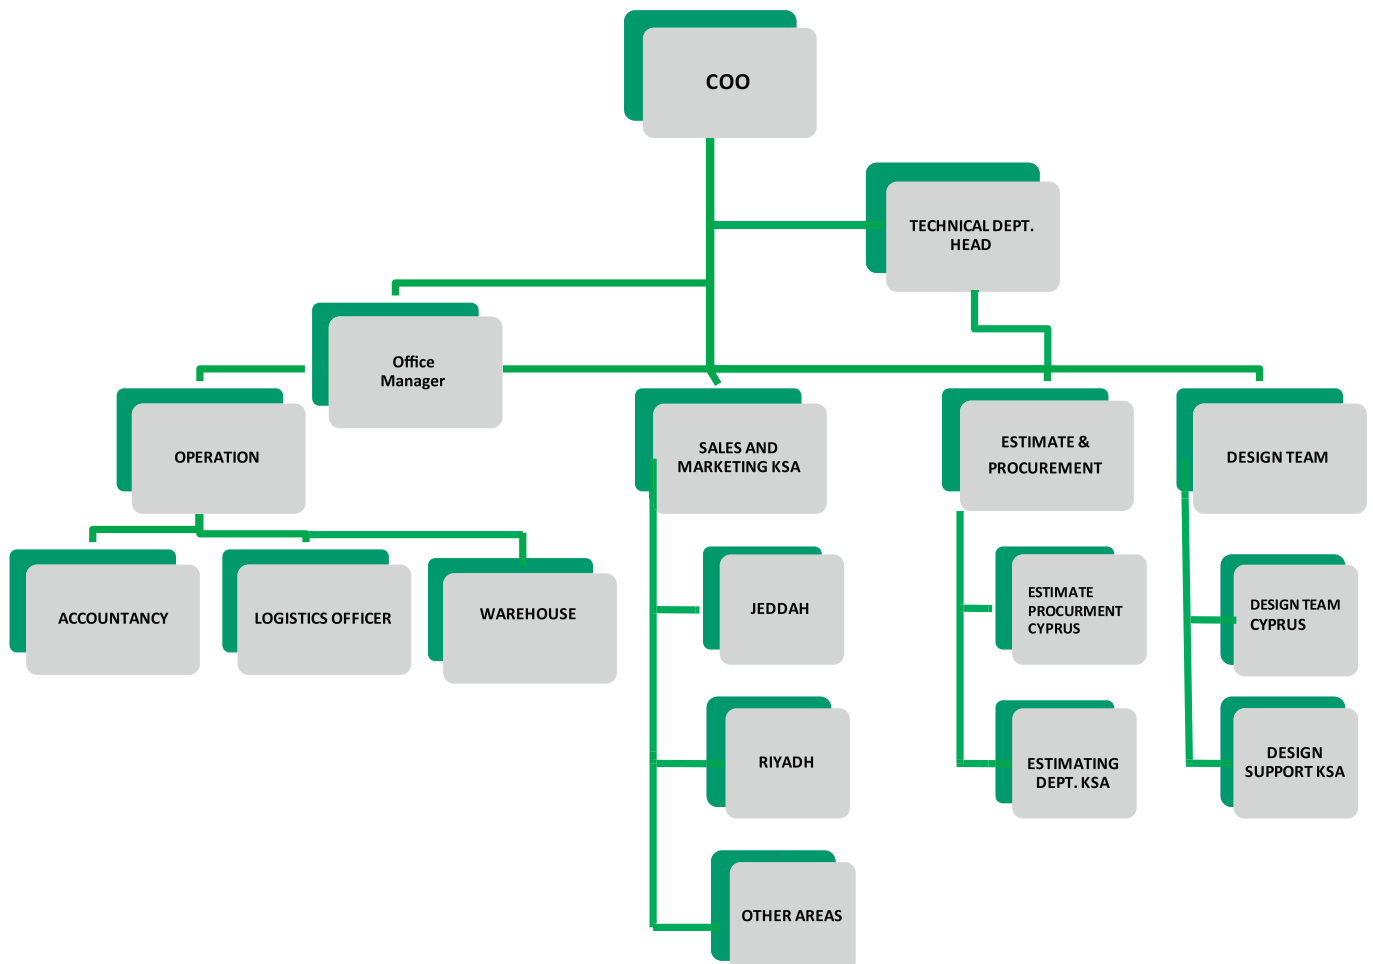

## LIGHTING

### OUR MISSION STATEMENT

Electric House Lighting distinguishes itself in the market and proudly believes that it is able to provide a unique selling product and service to its customers.

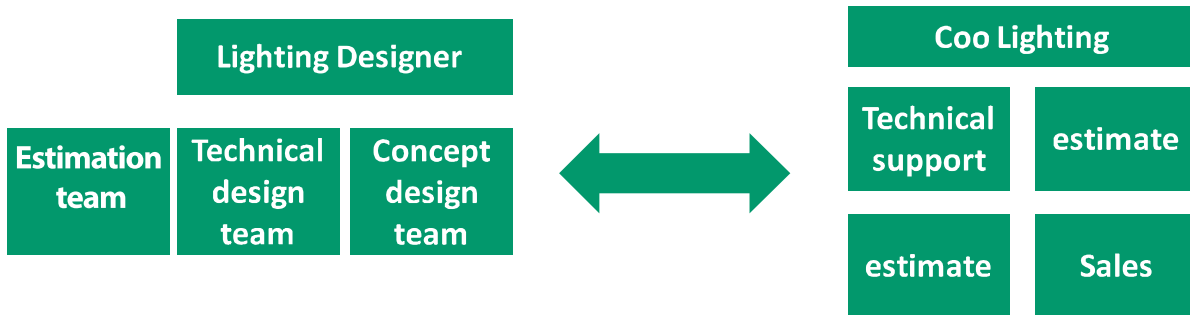

The young entrepreneurial team of experts, from technical and design background, are able to flexibly assist clients with uplifting commitment and outstanding care to build trust and longevity in our relations.

## LIGHTING DESIGN SERVICES OFFERED

We provide complete solutions in lighting design services, starting from the concept to final drawings and details relating to lighting design.

The lighting design team, is comprised of well qualified and experienced lighting designers, architects and interior designers, engineers.

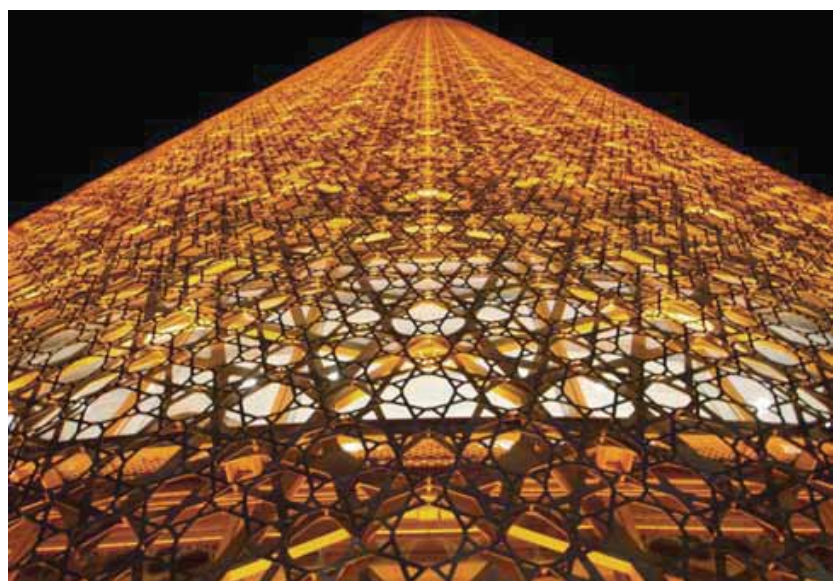

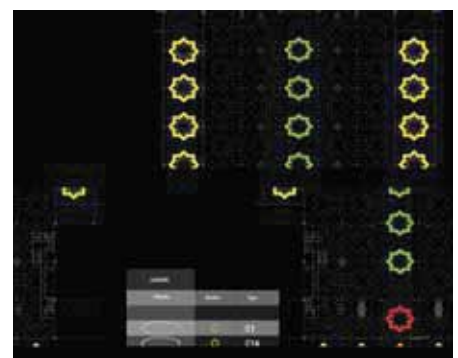

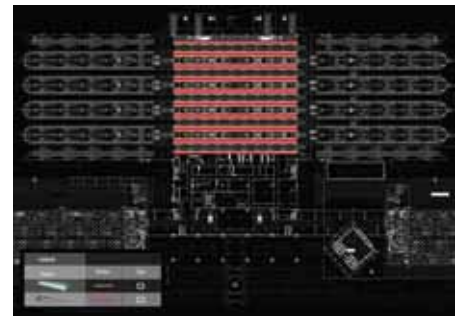

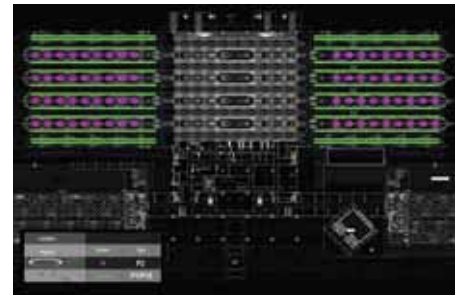

Professionals from different background are employed to provide solutions and to think outside the box.

Lighting design work starts with concept design, detailed lighting design, lighting specification provision, custom lighting specification provision, custom lighting fitting design and production.

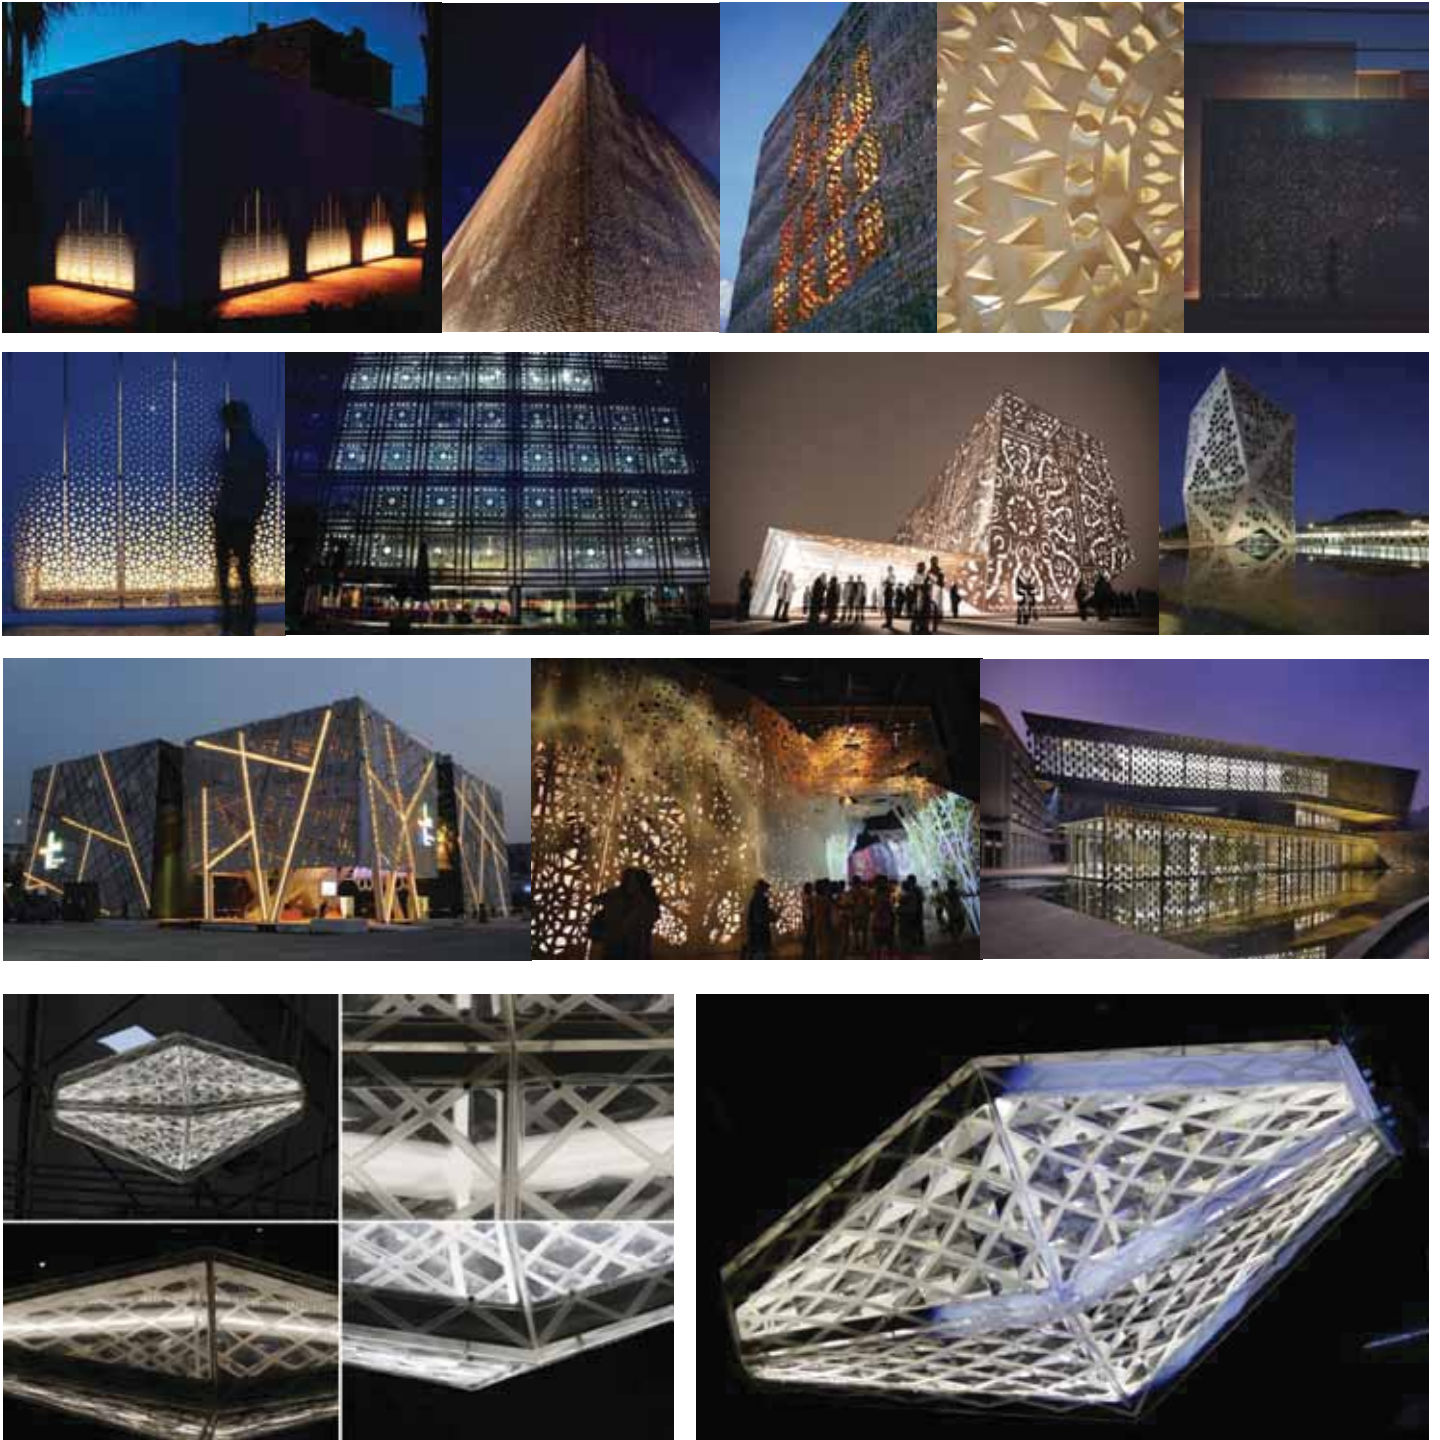

With a mission to provide creative and functional lighting we set an objective, to ensure that each project is improved through the implementation of a well designed lighting design with sustainable and environmental friendly solutions.

The design and manufacturing of custom fittings, has been a big part of our design business.

## HOW DO WE OPERATE?

- Business-to-Business: through channels of distributors, as well as with direct contact with the customer.
- Business-to-Contracts: Various projects have been carried out in different countries
- Through contracting.
- Exporting: through a chain of distributors.
- Design and Supply
